

pumpdispenser

The World First Hygienic and Sustainable Cosmetic Pump Dispenser System

ADA Cosmetics presents an innovation for conventional pump dispensers: a new mono-material hygiene pump that is proven against back-contamination and that sets new sustainability standards due to its mono-material composition.

pumpdispenser

The newly developed pump, with a patented drainage system, not only guarantees maximum hygienic safety but is also the first model to be completely recyclable. The entire pump, including the interior technical parts, is made from the same material.

THE BREAKTHROUGH INNOVATION
