
EcoEssential Accessories

Sustainability, Simplicity & Affordability

On a journey to the world's most sustainable accessories. At ADA our ambitious sustainability journey is transforming our approach to everything we do. Step by step, trip by trip, we're investing in a more sustainable future with you, our customers and your guests.

The goal is to eliminate plastic in our products and to use natural, renewable materials like bamboo, wood, paper and cotton as replacements wherever possible. And all our paper-based packaging is now FSC-certified.

Our new EcoEssential collection is the essence of tasteful simplicity, crafted with renewable materials and FSC-certified packaging in white paper sachets.

The neutral design works seamlessly with any interior, providing a conscious choice for your guests, affordably.
