

# THINK, ACT & LIVE RESPONSIBLE

In an era marked by growing environmental awareness, living and consuming in a sustainable manner is now more important than ever. It is a subject of concern for everyone, regardless of age or gender. With sustainability and integrity at its core, the Think, Act & Live Responsible Collection of body care and accessories embodies the four crucial principles of responsible living:

**REFUSE:** plastic content, excessive packaging material

**REUSE:** opt for recycled materials for packaging

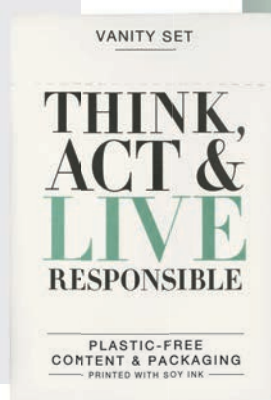

**RECYCLE:** use of easily recyclable materials

**RETHINK:** favour renewable materials for accessories such as bamboo & cotton; choose organic and natural ingredients for body care.
